monthly cloud transactions*

250+
intelligent data services

Trusted data expertise. The most advanced AI. Powerful across any cloud.

The Informatica Intelligent Data Management Cloud™ (IDMC) is the only cloud dedicated to data management on a single platform. Powered by our AI engine, CLAIRE® and over 250 intelligent cloud services, its metadata foundation layer spans every deployment model, API and data pattern to support any data consumer. With the IDMC, your most valuable data assets are trusted, governed, accessible, connected, timely, and actionable no matter where they reside—local systems, hybrid cloud, and multiple clouds—any cloud.

Whether you're driving next-gen analytics, delivering perfectly timed customer experiences with a single view of all your data, or ensuring governance and privacy you can always know your data is accurate, your insights are actionable, and your possibilities are limitless. **Informatica. Where data comes to LIFE.**
